

## How We Promote British Values at VEC

### Democracy

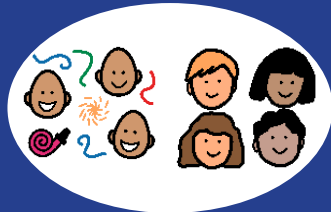

We encourage students to engage positively with a life of democracy.

### The Rule of Law

We ensure that students know the difference between right and wrong and understand that actions have consequences so that they respect the rule of law.

### Celebrating Difference

We provide an inclusive environment for students enabling them to be reflective and/or practice their own beliefs. We encourage them to consider their perspectives on life, and the extent to which they are the same as and different to others' faith, feelings and values.

### Mutual Respect

Students learn that their behaviours have an effect on their own rights and those of others. All members of the school community treat each other with respect. Learning and effort are highly respected and the whole school is focused on developing a great sense of worth and achievement.

### Responsibility & Individual Liberty

Students are actively encouraged to make independent choices knowing that they are in a safe, secure and supportive environment.
